## **K.P.R.Industries (India) awards Uhde India Contract for Caustic Soda plant...**

K.P.R.Industries (India) Limited has awarded Uhde India a contract to set up a grassroots 200 tpd Caustic Soda-Chlorine plant at Balabhadrapuram in Andhra Pradesh.

The scope of services includes Basic & Detailed Engineering, Project Management Services, Technical Procurement, Supply of Imported Cell elements, Supervision Services during Civil & Erection and Assistance during Commissioning and Guarantee Test Runs.

The Caustic Soda from the plant is proposed to be marketed by K.P.R.Industries while the Chlorine is proposed to be either sold in the market or used to make Chlorine derivatives.

The project which has a completion period of 22 months, will utilize the Generation V ThyssenKrupp Uhde Caustic Soda Membrane Cell elements / technology that are widely used by Caustic Soda manufacturers due to their low energy consumption, longevity, environmental and low capex considerations.

The award of the contract reiterates the chlor alkali industry's faith in Uhde India, who have a share in excess of 75% of the domestic membrane cell market, and are amongst the only Indian EPC Companies for Caustic Soda-Chlorine plants, offering a comprehensive solution including Technology, Engineering, proprietary supplies, implementation and commissioning for caustic soda projects.

Andhra based K.P.R.Group is engaged in the business of chemicals , fertilizers , pesticides, seed processing, poultry layers rice milling exports and hatcheries.

K.P.R.Industries (India) and Uhde India officials at the signing ceremony for the Caustic Soda plant in Mumbai...
